# DRIVING TO ACHIEVE

THE WALT GUTOWSKI, SR. YMCA GOLF OUTING

Blythefield Country Club | Monday, Aug. 12

## YOUR SPONSORSHIP SUPPORTS:

### LEADER-IN-TRAINING

The Leader-in-Training (LIT) program allows teen campers to explore their leadership skills while developing good character qualities, participating in service learning and enjoying camp activities. This two-week program focuses on developing leadership skills during the first week as a group. The second week, LITs will participate in a South Manitou Island backpacking trip. This program is a must to become a Counselor-in-Training or Junior Counselor.

### SUMMER TEEN LEADERSHIP ACADEMY

The Summer Teen Leadership Academy program is an exciting and unique experience designed to decrease the effects of summer learning loss and prepare high schoolers for success in school and beyond. Youth participants cultivate the skills and relationships that lead to positive behaviors, better health and educational achievement. Students will explore career paths and post-secondary options through workplace tours, guest speakers and project-based learning.

### VISSER IMPACT PROGRAM

Teens explore talents and interests while gaining leadership skills and confidence in a safe, nurturing atmosphere. Visser Family YMCA advocates provide homework help, physical activity, volunteer activities, community service projects, and mentoring in this after-school only Impact program.

### YOUTH IN GOVERNMENT

Students who participate in Youth in Government (YIG) learn the YMCA core values while navigating the world of civic engagement—local, state, national and international—with peers. We are proud to have seven schools in West Michigan with more than 75 students participating in the YIG program where they are cultivating skills in public discourse, decision making and civic participation. The YIG program gives teens the tools they need to put what they learn in the classroom into action through hands-on experiences with their peers from all across Michigan.

## IMPACT STATS

Meaningful and measurable outcomes from these programs

92% of students who participated in Summer Teen Leadership Academy said they **learned skills that can be used in a future job.**

75% of students said they are **more involved in community service** after the Summer Teen Leadership Academy.

100% of students who participated in our Summer Teen Leadership Academy said they now **know what opportunities are available to them postsecondary and beyond.**
